

After demolishing my credit score during my early 20s, I have put myself in a situation that no other lender was willing to work with me without a cosigner. In my attempts to purchase a vehicle, OppLoans saved me! Although they did not loan me the desired amount I had applied for, they were willing to give me a loan. I felt the rates and payment plan established to be much better than what any "Buy Here Pay Here" car lot was willing to offer me. Not only did OppLoans assist me in buying a vehicle, but they are also the first true stepping stone in rebuilding my credit and establishing true financial success. (*OppLoans, Sebastian W., December 1*)

Always quick and easy! It's nice to know I have a line of credit when I need it for those unexpected expenses, like 3 vehicles at one time needing to be fixed. (*CashNetUSA, Melissa R., December 1*)

A quick loan in an emergency. It was simple and fast and saved my butt when I really needed it. Thanks for helping. (*NetCredit, Staci S., December 2*)

Sometimes you fall and need help back up. Things happen and on occasion, it's hard to get back up. But CashNetUSA was easy to apply for, I got approved fast, and it is what it is. Yes, the interest is high but it's worth it when you have nowhere else to go for that extra little help. Just be smart about it. (*CashNetUSA, Roberto M., December 3*)

While it is a high interest loan, the payments are spread over a longer period, making it more possible to still have a quality of life. The process was easy and straightforward. (*CreditNinja, Janet, December 3*)

I don't know about anyone else's situations, but this works great for me. No problems with applying and funds were there the next morning in my account. I'm fine with the payments, also the interest, and I was well aware of what I was getting into. Everyone's situations and everyone's finances are different, meaning we should read every detail of any loans or preapprovals before applying. Fine prints are important to read and I took the time to read and understand everything before I applied and agreed to the terms. (*RISE Credit, D.K., December 4*)

They approved me for a loan when I was in a really tight spot. It's best to pay off fast because you don't want the interest piling up. But I'd use them again if I ever needed to. (*MoneyKey, Whitney, December 10*).

I was in a hard place dealing with COVID and CreditNinja came through for me. (*CreditNinja, Keah M., December 12*)

I was able to get the advance I needed with 24 hours after realizing my SSI would be skipping a month due to changing from Survivor Benefits to my own claim. Thanks, Elastic. (*Elastic, Patricia B., December 13*)

I needed a loan for a dental emergency and could not wait for another payday or month for that matter. They quickly reviewed my application and credit and approved me for \$1200. That covered the cost of the exam and treatment! I would use them again! (*OppLoans, Barbara L., December 14*)

Great company and fast service. This money came at the perfect time, now my two boys can have a better Christmas than I expected. Thank you guys. (*CashNetUSA, Taurin C., December 14*)

I needed last minute funds and it was quick and easy. They saved the week :) (*Minto Money, Nic, December 15*)

I have found this service to be extremely useful and professionally handled. I often have cash flow interruptions and my MoneyKey account is like a piggy bank I can take cash from and put it back for just such occasions. This is certainly a business relationship I value and will work hard to maintain. (*MoneyKey, Heber H., December 15*)

Thank you so much for your help and assistance. The website was easy to apply. Your office personnel was kind and friendly. Now I am happy I can get my SUV some new tires and brakes for this winter. (*OppLoans, Kelli, December 15*)

They came through for me when I needed a small loan to take care of an unexpected expense. Approval was easy and so was the entire process. Payback schedule was manageable and they report to the three credit bureaus, so that's also a plus. Automatic debits on each payday is perfect too, so there's no way you can miss a payment. Very effective, quick, and simple. I would recommend to anyone needing a small quick loan. (*OppLoans, Jake D., December 16*)

This company is so easy to work with!! Yes, it is a high interest rate, but I have a terrible credit rating!! The fact that they will work with me is a miracle. Their representatives are always very friendly and very helpful. Also, when I was down with severe health issues and couldn't make my monthly payment, they worked with me on terms that I could fulfill without any hesitation or any penalties. I would recommend OppLoans to anyone in my financial position (needing a loan but terrible credit and can't get financed by anyone else). Thank you, OppLoans. Thanks to you, Christmas will be better this year! (OppLoans, Lynda F., December 18)

Great customer service and quick, painless process. Great short-term fix when you're strapped for cash! (Golden Valley Lending, Titi S., December 18)

I needed help last minute, like the kind where it's either look for a shelter, and light bulb - "hey these guys exist to help in this scenario." So I chose the smarter choice. Because of this service I have a place to sleep for a couple of days with me and my kids. This is the purpose of this—quick relief and a chance to breathe again. Thank you for all your help. Bless this service! (CashNetUSA, Sandra S., December 18)

Approval meant my grandkids were able to get Christmas. Thanks. (CashNetUSA, Gilbert, December 18)

It was fast and easy, and being that I had a stroke and cannot speak, the chat feature was exactly the kind of service that I was looking for. (CashNetUSA, Christopher P., December 19)

You guys have helped me out so much. Thank you. (Advance Financial, Maggie L., December 20)

CashNetUSA has been the best for me. Especially during these past months of serious overload on expenses in my household. Feeding 6 people in our home and bills needed to get paid, keeping our home in warmth during this pandemic, it has been really stressful. Thanks to CashNetUSA. I've been thankful for their help :-). They also give extensions if you're unable to pay at the due date. I am happy for that because there are times I really do need the extension. So if anyone is in need of extra help, call CashNetUSA!! (CashNetUSA, Beatrice, December 23)

NetCredit has truly helped me get through this tough pandemic with being a single mom. (NetCredit, Tonya P., December 23)

I really was falling behind with this COVID and didn't think we would have Christmas. Thanks to RISE, I'm leaving 2020 with a great feeling. Thank you. (RISE Credit, Juan O., December 24)
